

# Our Land of Sun and Seas

Composed by George Carlton Sampson

Send down thy blessing on our lands  
O'God and make us free,  
Let love and wisdom lead our hearts  
To dwell in Unity!  
To dwell in Unity!

Our lands of sun and seas  
Our beautiful flowering trees  
Our hills, our rills  
Our song-bird trills  
Our fields, our people free  
We offer God to thee!  
Improve our Arts  
Make pure hearts  
To dwell in Unity.

Let mighty nations far and near  
Revere our nation small  
May we show forth to countries great  
A peace surpassing all  
A peace surpassing all.

May long our heroes last  
Who gave this nation birth  
The Church - The State  
All small and great  
In wisdom hold them all  
And never let them fall,  
Improve our Arts  
Make pure our hearts  
O never let us fall.
